November 4, 2021

Dear Parent/Guardian,

This letter is to inform you of an exposure to COVID-19 in our school community. The Windsor Essex County Health Unit (WECHU) has identified Mrs. Fontana's Kindergarten class as well as the Latchkey Kindergarten and Grade 1 group for dismissal. All affected families have been contacted. Siblings of those dismissed may continue to attend school and parents may attend work, if applicable. All staff involved have been assessed and are considered to be low or no risk.

Students in Mrs. Fontana's class will transition to online learning beginning November 5, 2021. Students impacted by the Latchkey dismissal will do asynchronous learning by following their teacher's posts on Edsby.

Please continue to monitor yourself or your child for symptoms of COVID-19 each morning and complete the online screening. If your child is ill, please keep them at home and call your health care provider for further direction. People with COVID-19 may have little to no symptoms; some symptoms are similar to the common cold or flu. Symptoms range from mild to severe. The most common symptoms include:

- Fever
- Cough
- Difficulty breathing
- Change in smell or taste

COVID-19 spreads from close contact with the respiratory droplets of a person infected with the virus. Respiratory droplets can be released into the air by coughing, sneezing, talking, and normal breathing. It is possible for a person to get COVID-19 by touching surfaces that have the virus on it and then touching their mouth, nose, or eyes.

To protect against COVID-19:

- Wash hands often with soap and water or use an alcohol-based hand sanitizer
- Cover your cough and/or sneeze with a tissue or sleeve
- Maintain 2 metres physical distancing between yourself and others
- Wear a mask or face covering
- Stay home when you are sick

Please visit our school's webpage for up-to-date information about COVID-19 cases. Additionally, please visit the Windsor-Essex County Health Unit's page at [wechu.org/cv](https://www.wechu.org/cv) if you are looking for more information.

Sincerely,

Susan Moroz
