WHAT WILL HAPPEN?

We will share the Student Census data with you. Participants will engage in small group discussions about the data. What is surprising about what the data shows? What confirms what you already know? What is happening in schools that is contributing to these outcomes for students? What is happening at home or in the community that is contributing to these outcomes? What can GECDsB do to address the issues identified through the data?

WHO SHOULD ATTEND?

Students, parents, staff, and community members who have experience with GECDsB students who are Black, Middle Eastern, East Asian, South Asian and/or students with disabilities/special education needs.
