Forster Family And Century Schools PARC

Committee Objectives

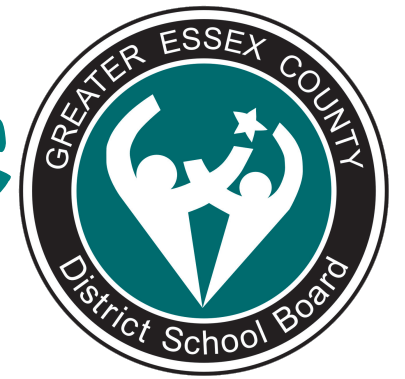

- Maintain a high school on the west end of the city.
- Maintain the specialized high school programs offered for high school students with identified learning exceptionalities.
- Reduce excess student spaces.
- Reduce renewal costs to the Board.
- Fulfill the mandates of the PARC.

Forster Family And Century Schools PARC

Committee Work

- Brainstormed 37 options.
- Analyzed the pros and cons of each option, keeping only those which met the mandates of the PARC.
- Considered the needs and input of all stakeholders.
- Pared down the options to the two that will be presented tonight.

Forster Family And Century Schools PARC

Close Marlborough and Forster schools and the temporary French Immersion site at Giles Campus:

- Construct a new dual track K-12 facility on the Marlborough site to accommodate Marlborough, Forster and the Giles Campus students. All boundaries remain as current.

Forster Family And Century Schools PARC

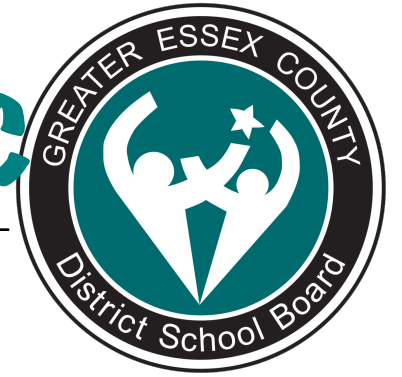

Close Century School:

- Adaptive Basic students transition to Western Secondary School.
- All other Century students transition to home schools.

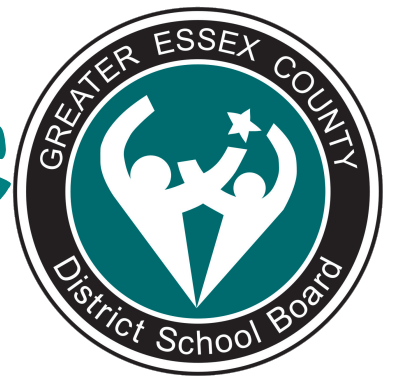

Forster Family And Century Schools PARC

The committee discussed the concerns raised at the May 9th Community Meeting as well as those submitted electronically.

- Student spaces exist at Western SS for the approximately 100 current AB students at Century
- Programs at Western offer many of the same options as those at Century
- The concerns with regard to transportation at Western are already being addressed for current Western students.

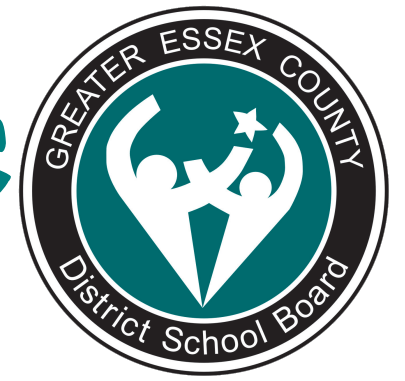

Forster Family And Century Schools PARC

- All neighbourhood high schools offer locally developed compulsory courses (LDCC) for diploma tracked students, and currently support students with IEPs.

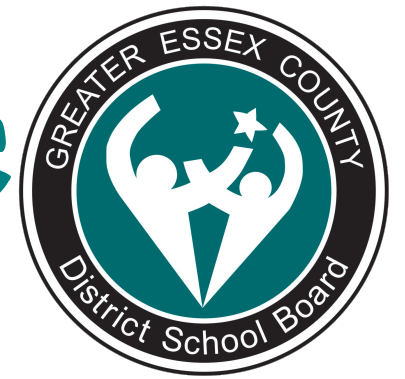

Forster Family And Century Schools PARC

- Students from the Giles French Immersion site, Marlborough Public School & Forster Secondary School will be incorporated into a single new facility which offers a robust and diverse school community.
- It has been determined by this committee that it would be more fiscally responsible, in this scenario, to create a single dual-track school to serve the entire community, elementary and secondary, with a projected population of 1264 students (elementary school of 790 (390 from Marlborough & 400 from Giles FI Campus) and secondary of 474).

Forster Family And Century Schools PARC

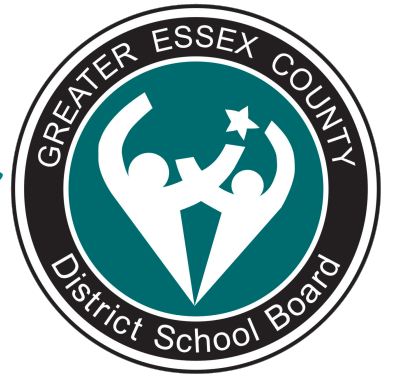

Close Forster and Century Schools:

- Create a neighbourhood school on the former Century site with applicable programming to accommodate all Forster and Century students.

Forster Family And Century Schools PARC

Like the previous recommendation, all input from the May 9th community meeting and electronic submissions were considered.

- Realign the use of the current Century facility with existing shops, kitchens and other specialty areas to continue to meet the needs of AB students and incoming Forster students.
- It has been determined by this committee that it would be more fiscally responsible, in this scenario, to utilize an existing high school facility which can accommodate both current Century and Forster student populations.

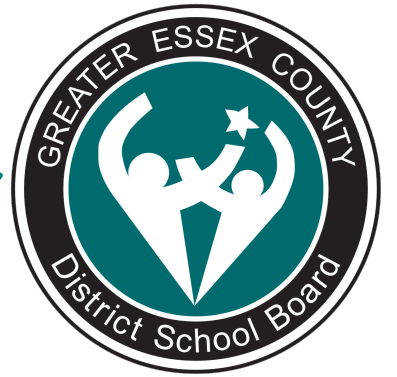

Forster Family And Century Schools PARC

- Students from the Giles French Immersion site, and Marlborough Public School will be incorporated into a single new facility which will offer a robust and diverse school community
- It has been determined by this committee that it would be more fiscally responsible to create a single dual-track school to serve the elementary community in both languages in one building which would have a projected enrollment of approximately 790 students (390 from Marlborough & 400 from Giles FI Campus).
