GECPIC Business:

i. Overall outcome for the year (what do we want to achieve?)
Outcomes 2023/2024:
1. Host a second Networking Session on April 11th or 18th at Tecumseh Vista
2. Build out four of the prioritized resources and have them ready for consultation by March 2024, and production by May 2024

ii. Determine timelines associated with any major work that we want to accomplish
1. At a future meeting have K. Dominato present to provide a better understanding on finances for School Council.
2. GECPIC to review School Council Policy and Regulation and provide feedback at January meeting

iii. Identify smaller working groups who will lead the charge on the work we decide to focus on (eg. Developing resources, booking another networking session, etc.)
To achieve these outcomes, we broke out into two smaller working groups:
1. <u>Resource Committee</u>
    a. Krista Regehr (Committee Lead)
    b. Attila Sherman
    c. Christina Sayer
    d. Dinesh Kumar
    e. Dimitri Michos
    f. Laura Bates
2. <u>Networking Committee</u>
    a. Danielle Cutt (Committee Lead)
    b. Lisa Wright
    c. Clarese Carter
    d. Sandra Wolf
    e. Mensah Boadi-Suadwa
    f. Najet Jones

For those not at the meeting, please do reach out and let Stephanie know which committee you would like to join.

iv. Start some initial planning

For our next meeting in January, we will reserve some time to discuss and clarify the GECDSB policies and regulations for school councils (both documents are attached). Discussed creating resources for School Councils (SAC for Dummies, checklist, By-Laws for Beginners and Structure of Meetings). Sub Committees may consider working together outside of GECPIC Meetings.
