

Medical Masks for Staff

Safety Tips

Masks must be worn as prescribed

Do not touch the front of your mask
while you are wearing it

Donning (Putting On) and Doffing (Taking Off) Masks

- ✓ Only touch the elastic loop of the mask
- ✓ Cover your mouth and nose with the masks – make sure there are no gaps between your face and the masks

Did you know...

You can wear a single mask the whole day **if it is not:**
physically soiled (dirty, chemical, etc.)
damaged (torn, ripped, broken hoop, etc.)
damp or moist (sweat, saliva, water, etc.)

If your mask has **not** been physically soiled,
damaged, damp or moist then it can be safely reused
the following day

To safely reuse the masks the next day:

- Store mask in a paper bag with your name on it
- Dispose of the paper bag after each use
- Dispose of the used mask after the second day
