

Vincent Massey Secondary School

M. Hawkins, Principal

R. Peto, Vice-Principal

M. Maddox, Vice-Principal

Massey families,

We are working extremely hard in planning for the return to school, whether that is in-person or remote learning. We appreciate everyone's patience. Trust that everyone at the Board office and at Massey are working to make the students' return to school safe and organized.

It is appreciated that families take the time to review the information on the Board website, the Massey website, and on EDSBY to help ensure a smooth start.

Overall **Board information** can be found at publicboard.ca.

Massey specific information can be found on the Massey website and on EDSBY.

For **in-person learning**, students will be assigned to either Cohort A or Cohort B. This information will be shared as soon as it is available.

For remote/on-line learning, students will be contacted shortly with course information.

Student course schedules will be available on EDSBY prior to the start of school.

As always, the staff at Massey are here to ensure the safety and well-being of all students, as well as, continuing the high academic standard that has been established.

Take care,

Mr. Hawkins
Principal
Vincent Massey Secondary School
