TAGLINE A tagline is a catchy, short phrase used to create interest in a movie. It sums up the plot, tone, or theme of a film.

Example: 71% of the Earth's surface is covered by water. That's a lot of space to find one fish. (Finding Nemo)

Storyline

A **storyline** is a description of the movie. Your storyline will be 3-5 sentences. While you can discuss the main ideas in a storyline, details are usually left out.

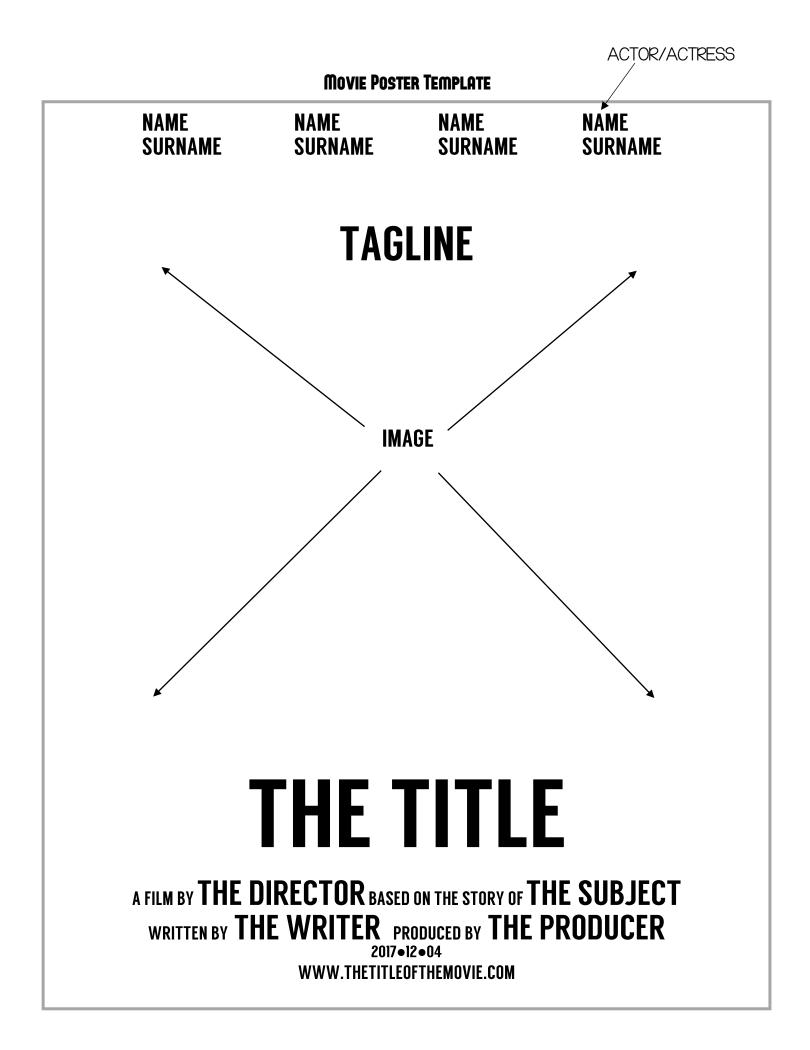

FONTS/WRITING SHOULD

BE LARGE AND NEAT!

Example:

Nemo, an adventurous clownfish is unexpectedly carried far away from his home to a dentist's office aquarium. His overprotective father, Marlin, and Dory, a friendly and forgetful blue tang fish, embark on an epic journey to bring Nemo home. Their journey leads to encounters with vegetarian sharks, surfer dude turtles, hypnotic jellyfish, hungry seagulls, and more. Marlin discovers courage he never knew he had, but will it be enough to bring his son back home?
