ATTENDANCE POLICY

Regular attendance and punctuality are habits and qualities that are important in any work environment. It is also a legal requirement for students attending school. It is the student's responsibility to report to class on time, ready to learn with appropriate materials (i.e. pencils, pens, calculators etc.) and books (i.e. textbooks, notebooks etc.).

CLASSROOM ATTENDANCE: Student attendance will be checked each day. Students may only be absent from class with prior permission from their parent/guardian or school administration. Missing class time to work on assignments or to study for a test or an examination is not acceptable.

ABSENCE FROM SCHOOL: If a student is absent from school, the parent/guardian must call the on the day of the absence and report the absence. Our attendance phone number is 519-739-2189, Ext. 31779 and is available 24 hours per day. Parents/Guardians can also submit the absence electronically using Edsby. If the parent/guardian has not contacted the school, the student must bring in a signed note from them which states the reason for the absence, on the day they return to school. This note must be presented to the Attendance Office prior to the start of the school day. An electronic “Admit Slip” will be issued to the teacher through Edsby.

LATE: Being late for reasons like: “I slept in”, “I missed the bus” even with parental/guardian consent, is not acceptable. Students who are late to class will be issued an electronic “Late Slip” through Edsby. Students will be counseled by their classroom teacher on their first 3 lates. On the 4th late, a letter will be sent home. On the 5th late the student will be sent to the Attendance office for a late slip to gain admittance to class. This includes every late thereafter. Late 6,7,8 in a single course will result in a detention. Persistent lateness (late 9+ in a single course) will result in progressive discipline up to and including contact with your parents and may result in suspension.

LEAVING SCHOOL: Students can leave school early provided they get permission from their parent/guardian. Parents/Guardians are encouraged to call the school or submit the absence electronically using Edsby. If the parent/guardian has not contacted the school, the student must bring in a signed note from them which states the reason for leaving school early. A “Planned Absence” will be recorded by the Attendance Secretary in Edsby. Students who leave school for part of the day and return, must sign in at the Attendance Office. Students, who leave school without permission from the Attendance Office, will be considered truant.

TRUANCY: Students who are absent from school without parent/guardian permission are considered truant. A truant student will be assigned a consequence as per our school’s progressive discipline policy. Students may not be granted make-up tests or be given full credit for late assignments or missed homework. Once a pattern of truancy is established, parents/guardians will be notified to help resolve the problem.

AGE OF MAJORITY STUDENTS: Students who reach the age of 18 may sign their own notes regarding lates and absences. Students will be held accountable for their attendance and academic progress. Once a student has signed out 10 times during the entire school year (one per month), medical, dental or legal documentation will be required for future absences.

DRESS CODE POLICY

Students are expected to dress in a responsible and respectful manner. Students are expected to take pride in their appearance by dressing in a clean, neat, and appropriate fashion, conducive to an academic environment.

1. While the selection of clothing worn at school is the responsibility of parents and students, the school administration reserves the right of final decision concerning the appropriateness of dress and appearance for school.

2 .P.E. Uniforms may be purchased to be worn in physical education classes. Specific situations such as labs, shops, etc. may require additional regulations which students will be informed of by their teachers.

3 .Students are expected to wear clothing (and jewelry) appropriate for school activities where appropriate is defined as: Free of inappropriate language and/or graphics (weapons profanity; vulgarity; remarks/images which are discriminatory, derogatory, or offensively suggestive; advertising for products which are illegal for minors to purchase). Jackets, backpacks and other school bags are not permitted in any classroom. This is a safety matter.

For Health and Safety reasons shoes must be worn at all times.

All students are expected to comply with the school dress code, as defined, on school grounds or while participating in school functions. Infractions of the dress code will result in students being asked to cover/remove the inappropriate attire. Repeat offenses will result in parent contact and or progressive discipline.

STUDENT SERVICES

Our Guidance Counsellors are ready to assist students with individual counseling regarding course selection, timetable concerns, accumulated credits and graduation requirements. Information related to Colleges, Apprenticeship Programs, Universities, “World of Work” as well as scholarships, awards and bursaries are also available through the guidance office. It is the responsibility of the student to access the Learning Support Teachers for assistance as needed. Our LST is available in Room 1044.

Our Student Success Teacher (SST) works in conjunction with school administration, Learning Support Teachers (LST), guidance counselors, teaching staff and other support staff, in the development of a school culture that is supportive of all adolescent learners and the program pathways they want to pursue. Our Student Success Teacher (SST) will develop and implement the necessary school and Family of Schools based strategies and mechanisms through which all students will have the opportunity to experience a successful year. Our SST is available in Room 1048.

Our Child and Youth Worker (CYW) works collaboratively to ensure the safety and well-being of students. Our CYW works in partnership with our school-based team to support the management of behavioral, social/emotional development and learning of students in all educational environments. Our CYW is available in Room 1093.

LIBRARY LEARNING COMMONS

The Library Learning Commons is an essential resource for learning in our schools. We offer a wide variety of best-selling paperbacks, hardcover fiction, non-fiction as well as reference books. Virtual resources are available as well. Once a student has completed reading a book, the book must be returned to the Teacher Librarian. Students are to return all borrowed books or materials on or before the assigned due date. Students will be held responsible for lost and/or damaged books or materials.

PERSONAL COMMUNICATION AND COMPUTING DEVICES

The Greater Essex County District School Board recognizes that personal communication and computing devices such as cellular phones, SmartPhones, laptops, Netbooks or other electronic communication and computing devices have value and can be used effectively to support learning. However, within the confines of the school environment, their use has the potential to be disruptive when it undermines the integrity of an individual's right to privacy; adversely affects the quality of teaching or learning; and/or interferes with the safe and efficient operation of the school.

Use of personal communication and/or computing devices is only permitted in school buildings or on school grounds during instructional time when permitted and supervised by a staff member for educational purposes.

Students who choose to bring personal communication and/or computing devices to school, do so with the understanding that:

- Personal communication and computing devices that are brought to school are the responsibility of the owner. The GECDSB and/or the school are not liable for damage, loss or theft of the device or data that is stored on the device.
- Personal communication and computing devices that are brought to school are to be off during instructional time unless use is approved by a staff member.
- Personal communication and computing devices may not be used at any time where individual privacy must be protected such as washrooms, locker or change rooms.
- Unless expressly permitted by a staff member, personal communication and computing devices are not to be used during a curriculum assessment or evaluation (test or examination).

Students will be subject to school discipline, suspension, expulsion and/or police involvement, as per the school and board policy relative to the Code of Conduct, when a communication and or/computing device:

- Is used in such a way that disrespects another's privacy.
- Is used to bully or harass.
- Is used without staff permission, during a curriculum assessment or evaluation (test or examination).

ASSESSMENT, EVALUATION, GRADING, REPORTING & PROMOTION

Our assessment, evaluation, grading, reporting and promotion policy follows the Ministry's Growing Success document (2010). It further supports the Greater Essex County District School Board's Shared Beliefs and Understandings: All students can achieve high standards given sufficient time and support; All teachers can teach to high standards given the right condition and assistance; High expectations and early intervention are essential and; Educators need to learn all the time and they need to be able to articulate both what they do and why.

COURSE INFORMATION SHEET: At the start of each semester, students will receive a Course Information Sheet (CIS) from each of their subject teachers. The CIS will provide an overview of the course and identify what students will learn and how they will be assessed and evaluated.

COURSE CHANGES: Students are asked to review their course selections carefully prior to the beginning of each semester. Once a student has made the decision to take a course, it is their responsibility to follow through with that timetable for the full semester.

HOMEWORK: Homework is assigned to give students the opportunity to put into practice the lessons learned during the day. While it is the responsibility of the teacher to provide appropriate and relevant homework, it is the student's responsibility to make certain that he/she understands what is required and that the assigned work is completed on time and to the best of their ability. Proper use of this planner will assist students in organizing their homework, assignments and tests. In general, students in Grades 9 and 10 should average between 1 to 1.5 hour's homework per night. Students in Grades 11 and 12 should average between 1.5 and 2 hour of homework per night. On some occasions such as a night before a test or the weekend before a major assignment is due, the homework load could be heavier.

EVALUATION INQUIRY: Students have the right to inquire when they believe that their work has not been accurately evaluated. The inquiry would normally go to the teacher concerned, and then proceed to the Department Head, then to the Vice Principal and finally to the Principal, if not resolved at an earlier stage.

GRADUATION: Graduation will be held in June of each year following our Final Summative Evaluation or Final Exam. Students with 22 credits in September will be deemed eligible to graduate. This will be considered their graduation year.

OVERDUE (LATE) EVALUATIONS: It is the student's responsibility to submit work in a timely manner. If work is not submitted in a reasonable time frame, the teacher has the option of refusing to grade the work. For example, once the assignment has been evaluated and returned to the rest of the class, the teacher is no longer required to grade the late assignment. Teachers should accept the late assignment in order to provide feedback. Students who habitually submit late work are demonstrating poor Learning Skills. While this behaviour will tend to affect a student's performance, tardiness is not necessarily an indication of poor achievement of the curriculum expectations.

MISSED EVALUATIONS: Students who miss an evaluation due to extenuating circumstances are encouraged to meet with their teachers to discuss an alternate date/time for the evaluation.

CHEATING AND PLAGIARISM: Students must be made aware of and held accountable for academic honesty. It is academically dishonest to take credit for any work, fact or idea that is not your own, or allow others to do so with your work. Students who cheat or plagiarize will receive a grade of zero (0%) and may be subject to further disciplinary actions by school administration.

STUDENT'S FINAL GRADE: The calculation of a student's final grade will be based on evidence of actual achievement of the curriculum expectations. A credit is granted and recorded for every course in which the student's grade is 50% or higher. The final grade for each course will be determined as follows:

- Seventy percent (70%) of the grade will be based on evaluations conducted throughout the course. This portion of the grade should reflect the student's most consistent level of achievement throughout the course, although special consideration should be given to more recent evidence of achievement.

- Thirty percent (30%) of the grade will be based on a final assignment for evaluation administered at or towards the end of the course. This final assignment for evaluation will determine achievement using one or a combination of the following: an examination, a performance, an essay, and/or another method of evaluation suitable to the course content. The final assignment for evaluation allows the student an opportunity to demonstrate comprehensive achievement of the overall expectations for the course. Should a student not submit the final assignment(s) for evaluation, a grade of zero (0%) shall be assigned for the task. Final exams are to be written as scheduled.

PROVINCIAL ACHIEVEMENT LEVELS: Teachers, parents/guardians can be confident that students who are achieving at Level 3 (70-79 %) are well prepared for work in the next grade or course.

Grade Range	Achievement Level	Summary Description
80 – 100%	Level 4	Identifies achievement that surpasses the provincial standard. The student demonstrates the specified knowledge and skills with a high degree of effectiveness. Achievement at this level does not mean that the student has achieved expectations beyond those specified for the grade/course.
70 – 79 %	Level 3	Represents the provincial standard for achievement. The student demonstrates the specified knowledge and skills with considerable effectiveness. The student is prepared for work at the next level.
60 – 69 %	Level 2	Represents achievement that approaches the provincial standard. The student demonstrates the specified knowledge and skills with some effectiveness. Students need to work on identified learning gaps to ensure future success.
50 – 59 %	Level 1	Represents achievement that falls much below the provincial standard. The student demonstrates the specified knowledge and skills with limited effectiveness. Students must work at significantly improving learning in specific areas if they are to be successful in the next level.
Below 50 %		Insufficient achievement of the curriculum expectations. A credit will not be granted.

PROVINCIAL REPORT CARD: Provincial Report Cards will be issued as per Ministry of Education and School Board Directive. Students, parents/guardians will be notified in advance.

FULL DISCLOSURE: Full disclosure means that a formal record will be kept every time a course is taken in Gr. 11 or 12 regardless of the final mark (Ontario Student Transcript). In order to avoid a course and mark showing on a student’s transcript, withdrawal from the course must occur in accordance with school procedures and within five instructional days from the issuance of the mid term Provincial Report Card.

SUSPENDED STUDENTS: Students that are suspended from school lose the opportunity to be assessed and evaluated by their teachers. Upon their return to school, students must meet with their teachers to discuss an alternate date/time for their evaluation.

SUMMER SCHOOL: Applications for summer school are available in the Guidance Office. Students are encouraged to meet with their guidance counsellor to discuss this option prior to submitting their application. Meeting summer school deadlines is the responsibility of the student.

CREATING PATHWAYS FOR SUCCESS

The Ministry of Education Individual Pathways Plan (IPP) will be used to support a student's journey from grade 7 to their post-secondary destination. The IPP on "myBlueprint" will help students explore their interests, abilities and identify their strengths to plan for their initial post-secondary destination. Students will receive support from their teachers, guidance counselors, student success teachers and school administrators in the development of their IPP. Multiple opportunities will be provided to support students in their education and career/life path through active planning that continues with: course selection, curriculum connections and experiential learning within our communities.

The development of the new Education and Career/Life Planning Program was designed to enable secondary school students to complete their studies in four years and make a successful transition to their initial post-secondary destination. To this end, the Ministry of Education continues to support student success with a greater focus on having students graduating from secondary school in four years. As part of this Ministry directive, boards of education will receive reduced funding for students in courses that could earn them more than 34 credits. Exemptions to this policy include:

- Students with an Individual Education Plan (IEP)
- Credits achieved in English-as-a-Second Language; and
- Students enrolled in their first four years who earn more than 34 credits

Given this direction, The Greater Essex County District School Board recognizes that some students for a variety of reasons may return for additional credits above and beyond those required for the Ontario Secondary School Diploma (OSSD). Should students plan to return to school beyond the thirty (30) credits required for graduation and exceed the 34 credit threshold, their program of study may not be in a regular day school program. Students exceeding the 34 credit threshold will be afforded opportunities to achieve credits through:

- Night school,
- Summer School;
- Part Time Studies;
- E-Learning (on-line) Courses;
- Blended Model Courses (combination of on line and face to face courses); and
- Independent Study

Students in consultation with their families are strongly encouraged to actively plan their respective high school course selection and initial post-secondary destination with the help of their school guidance counselor and student success team members. Each year of secondary school brings new opportunities, programs and pathways to support a student's journey from grade 7 to their post-secondary destination. The transition to a post-secondary destination is best navigated with the support from our guidance department and their collective expertise during this important time in the lives of our students. Should you have any questions please contact our school guidance department to assist in the planning process.

EXTRA - CURRICULAR ACTIVITY POLICY

The Greater Essex County District School Board values the important role that extra-curricular activities play in the development of our students. Activities provided by our schools are meant to complement and enhance the academic program so that all students have an opportunity to enjoy a well-rounded educational experience.

Students who wish to participate in extra-curricular activities are subject to the expectations and standards outlined in the Greater Essex County District School Board policy and that of any policies, expectations and standards found within the governing sport bodies: WECSSAA, SWOSSAA and OFSAA. The criteria for eligibility in extra-curricular activities include the following three areas:

Academics: Although there is not a set academic average to determine eligibility, it is expected that all students strive towards academic success. School administration will review the eligibility of any student failing 1 or more courses. Special consideration will be given to students who have an Individualized Education Plan and Student Success Clients. Review's will be held prior to all major sports season and will be based on the last full Provincial Report Card. For all fall activities, the previous year's results will be used. In the event that a student should achieve success in a summer school course where that student had been previously unsuccessful, the successful result shall be used to determine eligibility. Elementary marks will not be used to determine a student's eligibility in high school.

Behaviour: Student participants must be in good standing (ie. behaviour and deportment etc.) as outlined in the school's student handbook.

Attendance: Unacceptable attendance and lack of punctuality may cause a student to be deemed ineligible. Excessive absences, unexplained absences and truancy will not be tolerated. Student participants must attend school for the entire school day in order to play on game day.

Eligible/Ineligible: If the student has met all three criteria, he/she will be deemed eligible to participate in all organized extra-curricular activities or events for the term. If the student fails to maintain any one of the three criteria, he/she will be declared ineligible for the term.

Appeal Process: Students that have been declared ineligible due to extenuating circumstances may appeal their eligibility in writing to the Principal. Once the appeal is received it will be reviewed by school administration and a final decision will be made.

PROVINCIAL AND SCHOOL BOARD CODE OF CONDUCT

The Greater Essex County District School Board's Safe Schools Policy is based on the provincial Education Act and the Ontario Code of Conduct which set clear standards of behaviour for students, staff, parents, volunteers and any other individuals involved in public education. Progressive Discipline is a whole-school approach that utilizes a continuum of interventions, supports and consequences to address inappropriate student behaviour. Progressive Discipline builds on strategies that promote positive behaviours.

Tecumseh Vista Academy Secondary is a place that promotes responsibility, respect, civility and academic excellence in a safe learning and teaching environment. All students, parents/guardians, teachers and staff have the right to be safe, and feel safe, in their school community. ACTIVITIES LEADING TO POSSIBLE SUSPENSION

Under section 306 of the Education Act, a pupil may be suspended, up to a maximum of 20 school days, for committing any of the following infractions:

- Uttering a threat to inflict serious bodily harm on another person;
- Possession of alcohol, illegal drugs/or, unless the pupil is a medical cannabis user, cannabis; and/or restricted drugs;

STUDENT SEARCH POLICY

To maintain proper order and discipline in the school, the Principal and/or Vice Principal, who has reasonable grounds to do so, may conduct a search of a student's clothing, possessions or any area (desk, locker, backpack etc.) where his/her possessions may be stored.

Where there are reasonable grounds to believe that a student is carrying a gun or some other dangerous weapon, or is in possession of, or is distributing an illegal narcotic (including cannabis) OR where there are reasonable grounds to believe that a student is in possession of stolen property, pornographic material or hate literature the Principal and/or Vice Principal may decide to:

BULLYING AND RACISM: REPORTING AND PREVENTION

Students have the right to feel safe at school, in your community and online. Students are encouraged to talk to someone they trust, a friend, a teacher, a child and youth worker, a coach, or a guidance counsellor. Adult intervention stops bullying. Tell someone so they can help stop the harassment. You don't have to deal with this alone! If you can't say how, you feel out loud, write it down, then get it to someone who can help. Click [here](#). Once the bullying has been reported to the School Principal and/or Vice Principal (P/VP):

If you are the Victim:

- Share the details of the incident with an adult at school that you trust, remember – all conversations are confidential and dealt with strategically*.
- It is recommended that parents/guardians/caregivers be part of the solution. In fact, it is a MUST if you are under the age of 16 (unless there is a good reason not to).
- If your safety is at risk, the office will respond to keep you or others safe. Please note that keeping you safe may affect confidentiality.
- Work with a trusted adult to problem solve the solution. Often, the incident being reported will need to be investigated.
- Honour the investigation and keep all information confidential from others if possible. Avoid social media and responding to students' questions in class or at lunch.
- Your Principal/Vice Principal and staff in the building will guide you with how to respond when other students get involved.
- Keep track of additional information that comes up related to the incident. Report this information to the office right away.
- Your Principal/Vice Principal cannot help if they do not know!
- Student Voice must be honoured, and the adults in the school will help you as every situation is unique.

If you are the By-Stander or Supporter:

- Encourage the victim to report the situation to a trusted adult.
- Encourage the victim to report the situation to the Principal and/or Vice Principal

- Keep track of additional information related to the incident and encourage the victim to report it to the office right away.

What is Bullying?

The Ontario Education Act says that bullying means an aggressive behaviour that is usually repeated, by a child or youth, that is intended to cause fear, harm or distress to another person. This aggressive behaviour occurs in a relationship where there is a real or perceived imbalance of power based on factors such as: sizes, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability and/or other reasons.

Types of Bullying:

- Physical (hitting, shoving, stealing or damaging property)
- Verbal (name-calling, threats, humiliating comments)
- Social (excluding others, spreading gossip and rumours)
- Electronic/Cyber (spreading hurtful rumours, images or comments using technology)

Teasing: Teasing can be positive or negative.

Positive Teasing:

- Shows closeness, affection, and familiarity with another person
- Person being teased is not distressed or upset
- Takes place within a strong relationship
- Strengthens the relationship

Negative Teasing:

- Criticizes and embarrasses the other person
- Person being teased is distressed or upset
- Takes place within a weak relationship
- Undermines the relationship

When Does Teasing Become Bullying?

- There is a power imbalance between the children/youth involved—the person teasing has more social power or social value among peers compared to the person being teased.
- The child who is teasing intends to distress or harm the child being teased.
- The child being teased is distressed or hurt by the interaction.
- The negative teasing occurs repeatedly.

STUDENT'S EMERGENCY RESPONSE

ACCIDENTS AT SCHOOL: If a student is injured at school, or on school board property, the student is expected to report the injury immediately to the teacher in charge or to the Main Office. An OSBIE Incident Report will be completed by the supervising teacher. If the Main Office is closed, students are to call 911 and give the name of the school and the location of the injured or ill person.

ACCIDENTS IN THE COMMUNITY: If a student is injured in the community, the parent/guardian or student should report the injury to the Main Office so that assistance can be provided when the student returns to school. This includes, but not limited to community sports injuries, concussions etc.

FIRE DRILL PROCEDURES: A fire evacuation route is posted in each room. When the fire alarm sounds, students are to leave the building immediately by the designated exit. All doors and windows must be closed by the last person leaving the room. All occupants of the building must evacuate the premises. Once out of the building, students are to report to their designated area where your teacher will take attendance. Students are instructed to stay with their teacher for the duration of the fire drill. School administration will signal "all clear" and instruct students and staff to re-enter the building.

INCLEMENT WEATHER AND EMERGENCY CLOSING: On occasion, severe weather may interrupt busing schedules and/or force a school closing. Any decision made that would affect either the bus schedule or the operation of the school is made at the Board level. Do not contact the school. Please listen to local radio or TV stations for direction.

LOCKDOWN: When a lockdown warning has been issued, all students and staff are to move from high traffic common areas to classrooms or enclosed rooms. All students and staff are to hide out of line of sight. Doors should be closed and locked and lights should be left on. The use of cell phones is strictly prohibited. Should the fire alarm be activated, staff and students are to remain in their classroom or enclosed room. An announcement over the PA system, by school administration will signal "all clear" and/or provide additional information.

TORNADO WARNING: When a tornado warning has been issued, all students and staff are required to immediately move from external classrooms, portables and locations in an orderly fashion to their designated area. Staff and students are to sit on the floor with their backs to the walls. All internal and external doors and windows are to be closed. Staff and students are to sit a minimum of 6 to 10 feet away from external corridor doors or windows. An announcement over the PA system, by school administration will signal "all clear" and/or provide additional information.
